FIFTH SESSION

TENTH LEGISLATURE

THURSDAY, FEBRUARY 19th, 1948

This being the First day of the Fifth Session of the Tenth Legislative Assembly of the Province of Alberta, for the despatch of business pursuant to a Proclamation of His Honour the Honourable John Campbell Bowen, Lieutenant Governor, dated the Ninth day of January, 1948.

Mr. Speaker read the Proclamation as follows:

PROCLAMATION

(*Sgd.*) J. C. BOWEN,
Lieutenant Governor.

[GREAT SEAL]

PROVINCE OF ALBERTA
CANADA

GEORGE THE SIXTH, by the Grace of God, of Great Britain, Ireland and the British Dominions beyond the Seas, King, Defender of the Faith.

PROCLAMATION

TO OUR FAITHFUL, the MEMBERS elected to serve in the Legislative Assembly of Our Province of Alberta and to each and every of You, GREETING:

(*Sgd.*) LUCIEN MAYNARD, Attorney General. { WHEREAS it is deemed expedient for certain causes and considerations to convene the Legislative Assembly of Our Province of Alberta, WE DO WILL that you and each of you, and all others in this behalf interested on Thursday, the Nineteenth day of February,

FEBRUARY 19

A.D. 1948, at the hour of Three o'clock in the afternoon, at Our City of Edmonton, personally be and appear for the despatch of business to treat, act, do and conclude upon these things which in the Legislature of Our Province of Alberta by the Common Council of Our said Province, may, by the favour of God, be ordained.

HEREIN FAIL NOT.

IN TESTIMONY WHEREOF, WE have caused these Our Letters to be made Patent, and the Great Seal of Our Province of Alberta to be hereunto affixed.

WITNESS: The Honourable John Campbell Bowen, Lieutenant Governor of Our Province of Alberta, in Our City of Edmonton, in Our Province of Alberta, this Ninth day of January, in the year of Our Lord, One Thousand Nine Hundred and Forty-eight, and in the Twelfth year of Our Reign.

BY COMMAND:

(Sgd.) W. W. CROSS,
Acting Provincial Secretary.

The Honourable The Administrator entered the Assembly and took his seat on the Throne.

The Honourable The Administrator then read the following Speech from the Throne:

SPEECH FROM THE THRONE

MR. SPEAKER AND MEMBERS OF THE LEGISLATIVE ASSEMBLY:

It is my privilege and pleasure to welcome you to this Fifth Session of the Tenth Legislature of the Province of Alberta.

Since the occasion of your last session, the marriage of Her Royal Highness the Princess Elizabeth has given rise to widespread rejoicing throughout the British Commonwealth of Nations. To Her Royal Highness the Princess Elizabeth and His Royal Highness the Duke of Edinburgh, the people of this Province extend every good wish for their welfare and happiness.

Unsettled world conditions continue to delay the social and economic recovery of nations devastated by war and threaten the future peace and security of all peoples. While sharing the grave concern occasioned by these conditions, the citizens of Alberta are grateful for the measure of security and general prosperity with which our Province is blessed. The world scarcity of essential food supplies continues to create a strong demand for the products of our basic industry, Agriculture. Accordingly, the level of farm incomes remains relatively high despite a reduction in cereal grains due to adverse climatic conditions and a decline in live stock production resulting from unfavourable price relationships between live stock and coarse grains. It is the intention of My Government to offset these disabilities as far as possible by pursuing an aggressive policy

designed to assist and stabilize our basic agricultural industry. To this end, you will be asked to approve substantially increased expenditures to make possible an expanded programme of agricultural development.

It is proposed to extend the services rendered by District Agriculturists and District Home Economists and by Agricultural Service Boards in Municipalities. Emphasis will be placed on effective weed control and on the conservation of soil. Additional agricultural school facilities will be provided and instructional courses under The Canadian Vocational Training Act will be adopted to provide more adequate training in Agriculture and Home Economics for the young people of the Province.

An Animal Pathology Laboratory, already under construction, will be completed and put into operation this year and will render valuable service to live stock producers and contribute to the general improvement of live stock.

Recognizing the necessity for factual information regarding the economics and cost of production of agricultural products, qualified personnel will be provided by the Department of Agriculture to conduct investigations necessary to obtain authentic data.

Efforts will be continued, in co-operation with the Dominion Government and other agencies, to develop further the water resources of the Province for irrigation, water power and other beneficial purposes. In addition to the large water development projects already commenced, My Government proposes to investigate the feasibility of constructing a dam on the Red Deer River to provide additional power generating facilities and for the diversion and storage of water for irrigation purposes in the Coronation, Hanna, Youngstown and Berry Creek areas of the Province.

My Government proposes to augment the extension of stabilized Agriculture by actively encouraging and assisting the progressive expansion of secondary industry in the Province. An active industrial promotion programme is proposed for the current year and every effort will be made to assist in the establishment of those industries most suited to local conditions and which will make the greatest contribution to a balanced provincial economy.

To promote United Kingdom industrial expansion to our Province and to make possible an orderly programme of selective immigration, My Government has established an Agent-General's Office in London, England. You will be asked to provide for the expenditures necessary to the successful implementation of this important programme.

In view of the gravity of the continent-wide shortage of oil, great importance attaches to the discovery of an extensive new oil field in the Leduc section of the Edmonton district, which

already holds promise of being one of the most productive fields in Canada. Recognizing its responsibility to encourage oil development to help meet Canadian requirements while at the same time preventing monopoly and ensuring to the people of this Province a fair share of the returns resulting from development, My Government has implemented regulations designed to accomplish these objectives. All necessary steps will be taken to assure that these objectives are realized and that production is carried on according to the best known engineering practices, thereby preventing waste and assuring the greatest ultimate recovery.

A survey of the natural gas reserves of the Province is being undertaken by a committee set up by the Dominion Government. Because of the importance of this natural resource for domestic consumption and its bearing on future industrial development in this Province, My Government is determined to see that the interests of the citizens of Alberta are safeguarded and that no export of natural gas is allowed unless and until these interests have been fully protected.

Owing to the rapidly expanding development of all our natural resources and the greatly increased responsibility and amount of administrative work thereby placed on the Department of Lands and Mines, legislation will be introduced to divide the present Department into a Department of Mineral Resources and a Department of Lands and Forests.

Constant attention is being given by My Government to policies designed to improve health and educational facilities and services. In relation to matters of health, it is proposed to establish three additional full-time Health Districts. An additional mobile Mental Hygiene Clinic will be made available to serve the northern areas of the Province. Steps have been initiated to acquire buildings at the former Wainwright Military Training Centre for conversion into additional accommodation for mental patients.

Work will be commenced this spring on a new 200-bed Tuberculosis Sanatorium at Edmonton to provide urgently required facilities for the treatment of tubercular patients. You will be asked to approve expenditures for the first stage of a three-year expansion programme for the University Hospital at Edmonton, including provision for a special psychopathic ward, together with plans for the construction of a new provincial laboratory.

Services safeguarding the health of workers in industry will be advanced through a survey of the industrial hazards and a study of diseases peculiar to the workers in various industries. The Department of Health and the Workmen's Compensation Board will work in co-operation with the Industrial Hygiene Division of the Department of National Health in this important undertaking. You will be asked to consider legislation under which prepaid hospital and medical care will be made available on a voluntary basis throughout the Province.

In the field of education, policies initiated by My Government have resulted in an improvement in the situation with respect to the shortage of qualified teachers. It is proposed to continue the payment of tuition fees and the granting of scholarships to encourage the enrolment of students in the one-year course leading to elementary and intermediate school certification. Negotiations will be conducted with the Dominion Government respecting the consolidation of various agreements in the field of vocational training.

Consistent with its responsibilities in other fields of social services, My Government will continue to assist Municipalities in meeting the substantially increased costs of education and expenditures necessary to ensure an adequate supply of well trained and fully qualified teachers.

The third phase of My Government's comprehensive five-year programme of highway construction and improvement will be carried out during the current year, including a substantial amount of hard surfacing. You will also be asked to appropriate funds to make possible increased aid to Municipal Districts for road construction and improvement.

Since the close of the last session the Tax Transfer Agreement with the Dominion Government, authorized by the Legislature, has been completed on a basis considered financially satisfactory together with a separate arrangement for the reduction and progressive retirement of the Province's entire Treasury bill indebtedness. My Government adheres, however, to the opinion that the present Tax Transfer Agreement must be regarded only as a temporary expedient. Efforts, accordingly, will be continued to have the Dominion-Provincial Conference resumed to evolve a more satisfactory and permanent agreement with respect to the relative fields of taxation and the responsibility of the respective Governments for services essential to the welfare of the people.

My Government will continue to strive for the economic and monetary reforms necessary to assure the maximum production and equitable distribution of goods and services, and will endeavour by all lawful means within its power to develop and strengthen those features of our social organization essential to a free and virile economic democracy.

You will be asked to approve the establishment of an Economic Research Bureau to provide authentic information pertaining to the operation and development of our provincial economy.

During the current session, a number of important reports will be submitted for your consideration. The committee appointed at the last session of the Legislature to review The Workmen's Compensation Act will present its report together with amendments to the legislation which it has had under review. The report of the Commission appointed by the Lieutenant Governor in Council to enquire into provincial-municipal taxa-

FEBRUARY 19

tion will be tabled for your consideration. An opportunity will be afforded all interested bodies to peruse the Commission's recommendations prior to the next session when it is proposed to introduce legislation based on the Commission's recommendations.

The report of a committee appointed to enquire into conditions in Provincial Mental Institutions and also of the Royal Commission appointed to investigate the administration of child welfare in the Province will be tabled for your information if they are submitted to the Lieutenant Governor in Council before the session prorogues.

Amendments to The Mines Act will be submitted for your consideration. These amendments have been considered by representatives of the industry, the Miners' Union and of the officials charged with the administration of The Mines Act. A number of measures will be brought before you dealing with matters of general importance and for the purpose of amending existing statutes. These will include legislation to validate an agreement between the Province and the Dominion Government respecting the Eastern Rockies Forest Conservation Board, legislation to amend The Alberta Labour Act, and The Automobile Accident Indemnity Act.

The Public Accounts for the last fiscal year and the estimate of expenditures for the ensuing year will be submitted for your careful consideration.

I leave you now to the business of this session with full confidence that you will faithfully discharge your duties and responsibilities in the best interests of all our people.

I pray that Divine Providence will guide and bless your deliberations.

Edmonton, Alberta.

February 19, 1948.

The Honourable The Administrator then retired from the Assembly.

4. What was the price of crude oil at Alberta wells on February 13, 1948?

Moved by Mr. Liesemer, seconded by Mr. Roper:

Whereas for the sake of the welfare of young people in the southern part of this Province, it is desirable that more advanced education facilities be made readily accessible to them; and

Whereas the drastic shortage of teachers in particular could be alleviated if complete facilities for teacher training were available in the southern part of the Province;

Therefore, be it resolved that this Assembly request the Government to give consideration to the expansion of University

facilities for the benefit of southern Alberta now existing in the City of Calgary to include the Faculty of Education, the Faculty of Arts and Sciences and the Faculty of Commerce;

Be it further resolved that this Assembly request the Government to give consideration to the appointment of a Committee representing the Department of Education, University of Alberta, and Farm, Labour and Professional organizations and other interested bodies to investigate the desirability and feasibility of expanding University facilities at Calgary to include other faculties as well.

(*Sessional Paper No. 37.*)

The Assembly adjourned at 5:40 p.m. to Tuesday at 3 o'clock.

TUESDAY, MARCH 9th, 1948

Mr. Speaker took the chair at 3 o'clock.

Mr. Liesemer asked the Government the following questions of which he had given notice and which were answered by the Hon. Mr. MacMillan:

Q. 1. What committees, if any, have been appointed by the Board of Agricultural Education? What are the names of the Chairman and members of each? What are the duties of each committee? Have the committees reported to the Chairman of the Board?

A. 1. (1) Co-ordination Committee and (2) Agricultural School Location Committee.

Co-ordination Committee:

Mr. S. H. Gandier, Department of Agriculture (Chairman).

Dr. John Newton, University of Alberta.

Mr. H. T. Sparby, Department of Education.

Mr. A. G. Andrews, Secretary of Alberta School Trustees Association.

Mr. James Murray, School of Agriculture, Olds.

Agricultural School Location Committee:

Mr. J. M. Wheatley, Chancellor (Chairman).
Mrs. Winnifred Ross, Millet.
Mr. J. L. McIntosh, Dimsdale.

Duties of the Co-ordination Committee:

To study the field of agricultural education and to recommend to the Board steps which might be taken toward co-ordinating the agricultural training provided by the Department of Agriculture, the Department of Education and the University of Alberta.

Duties of the Agricultural School Location Committee:

(1) To inquire into and report upon a suitable location for at least two (2) Schools of Agriculture, one in the north and one in the southern part of the Province.

(2) The possibility of expanding existing Schools of Agriculture to accommodate enlarged enrolments.

The Co-ordination Committee has not reported to the Chairman of the Board.

The Agricultural School Location Committee has reported to the Chairman of the Board.

Q. 2. Was the outline of study courses in vocational agriculture published by the Department of Education in September, 1947, and submitted to the Agriculture Board for its consideration and approval?

A. 2. No.

Q. 3. Has the Location of contemplated new schools of agriculture been considered and approved by the Board of Agricultural Education?

A. 3. No.

Q. 4. What grant, if any, has the Dominion Government made, or promised to make, toward the building of new agricultural colleges? What time limit, if any, is attached to any such undertaking by the Dominion Government?

A. 4. Clause 3 (c) of the Vocational Schools Assistance Agreement dated December 4th, 1945, provides for Dominion grant of \$700,200.00, extending over a period of three years, toward capital expenditures on vocational training projects in Alberta. With respect to time limit to qualify for the grant, all projects must be submitted to and approved by the Dominion Government before March 31st, 1948; payments of grants on same may be extended to March 31st, 1952.

Mr. Liesemer asked the Government the following questions of which he had given notice and which were answered by the Hon. Mr. Casey:

Q. 1. What was the number of student-courses being provided by the Correspondence Branch on—

February 28, 1947?

February 29, 1948?

in each of Divisions I, II, III and IV.

A. 1. The number of students taking correspondence courses from the Correspondence School Branch was as follows:

	Div. I (I-III)	Div. II (IV-VI)	Div. III (VII-IX)	Div. IV (X-XII)
February 28, 1947	5174	4345	2856	3486
February 29, 1948	3948	3215	2133	3360

In Divisions I, II and III the student normally takes the complete work of the grade. In Division IV most of the students are taking only a small number of high school subjects to supplement the offerings of small high schools or to meet other special circumstances.

Q. 2. What was the number of Correspondence teachers as at—

February 28, 1947?

February 29, 1948?

A. 2. The intent of the questions is not clear. It will be answered in two ways:

(a) The number of teachers employed at the Branch was:

On February 28, 1947—157

On February 29, 1948—152

(b) The number of classrooms being presided over by a Correspondence Center Supervisor employed by school boards was:

On February 28, 1947—637

On February 29, 1948—485

The apparent lack of reduction of teaching staff in the Branch to correspond with the reduction in number of students is due to the following factors:

(a) In 1947, due to inability to expand further the Branch staff, some 98 supervisors marked most of their pupils' lessons, with some supervision of the Branch. This practice was discontinued as soon as feasible.

(b) In 1948 the Branch is giving more efficient service, especially in keeping marking and returns up to date.

Mr. Roper asked the Government the following question of which he had given notice and which was answered by the Hon. Mr. Tanner:

Q. 1. What agreement has been entered into with Imperial Oil as far as royalties are concerned with respect to the Imperial Oil leases in the new Woodbend oil field?

A. 1. No special royalty agreement has been entered into. Royalty computed, levied and collected on all products as prescribed by Order in Council dated the 28th day of May, 1941, and numbered O.C. 725-41, and as amended by Orders in Council dated the 12th day of August, 1941, and numbered O.C. 1162-41, and dated the 3rd day of May, 1943, and numbered O.C. 659-43.

Moved by Mr. Williams, seconded by Mr. Prowse:

That an Order of the Assembly do issue for a Return showing:

1. How many buildings in the City of Edmonton are owned by the Alberta Government?
2. Where are they located?
3. What type of business is carried on in each?
4. How many lots are owned in the City of Edmonton by the Provincial Government?
5. If any, what does the Government intend to use them for?

The motion was agreed to.

The Hon. Mr. MacMillan, a Member of the Executive Council, laid on the table of the Assembly, a Return to an Order of the Assembly asked for by Mr. Williams on March 9th, 1948, respecting Alberta Government buildings in the City of Edmonton.

(*Sessional Paper No. 62.*)

Moved by Mr. Roper, seconded by Mr. Liesemer:

That an Order of the Assembly do issue for a Return showing:

Map of the Province indicating the holdings of major oil companies by way of reservations or leases.

The motion was agreed to.

Moved by Mr. Roper, seconded by Mr. Liesemer:

That an Order of the Assembly do issue for a Return showing:

Copies of all correspondence between the Government and Governments of other Provinces relating to the proposal to export natural gas from Alberta for use in other Provinces.

The motion was agreed to.

Moved by Mr. Roper, seconded by Mr. Liesemer:

Whereas, the policy of the Federal Government in removing price controls and subsidies has resulted in greatly increased prices for consumer goods and has materially increased farm production costs, thereby largely nullifying the stabilizing effect of desirable long-term contracts with importing countries for farm products at assured prices; and

Whereas, inflationary conditions now existing and growing worse are seriously impairing the standard of living of the majority of Canadian people, while corporation profits are the highest in history;

Therefore be it Resolved, that this Assembly urge that the Federal Government reimpose consumer price controls and institute subsidies where necessary to guarantee to the farmer his just share of the national income while protecting the consumer public against excessive prices for food.

A debate followed.

Mr. DeBolt moved the adjournment of the debate which was agreed to.

Moved by the Hon. Mr. Maynard, seconded by Mr. Ure:

Whereas the decision of the Privy Council on The Alberta Bill of Rights Act means in effect that under the B.N.A. Act the provinces are made responsible for the welfare of their people without being given adequate means of carrying out this responsibility; and

Whereas in 1945 the Dominion Government called a conference of representatives of the Dominion and the Provinces for the purpose of stabilizing the finances of both the Dominion and the Provinces; and

Whereas the proposals submitted by the Dominion Government were based entirely on a redistribution of the existing sources of revenue available to both the Dominion and the Provinces, and failed to take into consideration the fundamental fact that the mere juggling of sources of revenue between the Dominion, the Provinces and the Municipalities, cannot possibly provide the Canadian people with the standard of living the country is able to provide;

Therefore be it resolved that this Legislative Assembly request the Dominion Government to reconvene forthwith the Dominion-Provincial Conference for the purpose of considering and adopting a permanent solution based on the full utilization and monetization of the nation's production to replace the existing tax transfer agreement when the same expires;

Be it further resolved that in the meantime the Dominion Government should forthwith provide sufficient unconditional grants to the Provinces to enable the Provinces:

1. To pay adequate old age pensions at a reduced age.

2. To provide adequate medical and health services to the people of the Provinces.

3. To expand the construction of national highways and other public projects that will tend to develop the national economy.

A debate followed.

Mr. Roper moved as an amendment, seconded by Mr. Liesemer:

That the motion be amended as follows:

That all the words after the word "the" in the first line be struck out and the following substituted therefor:

... "Federal Government made certain proposals on taxation and social security through the medium of its submissions to the Dominion-Provincial conference in August, 1945:

"And Whereas, agreement with the majority of the provinces has resulted in the major taxing powers being transferred to the Dominion for a stipulated period of time;

"And Whereas, there has been no public indication of intention by the Federal Government to convene a new conference in order to discuss the social security proposals:

"And Whereas, the provincial governments that have signed taxation agreements with the Dominion were led to believe that further conferences were to be held to deal with the government's social security proposals;

"Therefore be it resolved, that this Assembly requests the Government to urge upon the Dominion Government the necessity of calling, at the earliest possible time, a conference of all provinces, or at least the provinces which have signed taxation agreements, for the purpose of giving consideration to social security measures that will provide:

"1. Adequate old age pensions at a reduced age.

"2. Adequate medical and health services to the people of the provinces.

"3. For the construction of national highways and other public projects to develop the national economy."

The debate continued.

The amendment being proposed, Mr. Speaker declared the "Noes" have it and the names being called for were taken as follows:

The Hon. Mr. MacMillan, a Member of the Executive Council, by command of His Honour the Honourable the Lieutenant Governor, laid on the table of the Assembly Annual Report of the Alberta Government Telephones for the year 1946-1947.

(*Sessional Paper No. 9.*)

Mr. Liesemer asked the Government the following questions of which he had given notice, and which were answered by the Hon. Mr. Casey:

Q. 1. How many pupil-days school were lost by rural students during school year 1946-47 due to the inability of school vans to pick up and/or deliver students to schools?

A. 1. The operation of school vans is under the jurisdiction of the local school authorities. The only reports received by this Department are the term returns for grant payment purposes which indicate the number of vans operated, the distance each travels, the average number of pupils carried and the number of days of operation. The reports do not cover non-operation. It is not possible to arrive at a reliable estimate of non-operation for the following reasons:

(a) Some vans are operated only part of a year. Their non-operation period may or may not be intentional.

(b) The load varies from time to time as pupils come and go.

(c) Vans are sometimes re-routed during the course of a year changing the load.

(d) Consolidation of routes is sometimes effected with the result that three short term periods of operation may be reported whereas full continuous service may have been provided.

The only approximation we might make would be to assume that each van should have operated 195 to 200 days, subtract its actual period of operation from such a figure, multiply by the average load and obtain a summation. This we think would not provide a reliable or useful figure.

Q. 2. How many pupil-days school has been lost from the school year 1947-48 to the end of February, 1948, for the same reason?

A. 2. The above comments are equally applicable but in addition it may be stated that we receive returns only

twice yearly and hence have no information respecting January and February, 1948. The returns covering the whole of the June term for 1948 will not be received until July and August next.

The Order of the Day being read for the question standing in the name of Mr. Roper:

Ordered, That the said question stand as an Order of the Assembly for a Return showing:

How many veterans have been settled on Crown land in the Province since the end of the war?

The Hon. Mr. Tanner, a Member of the Executive Council, laid on the table of the Assembly a Return to an Order of the Assembly asked for by Mr. Roper on March 11th, 1948, respecting veterans settled on Crown land in the Province.

(*Sessional Paper No. 65.*)

The Hon. Mr. Manning, a member of the Executive Council, laid on the table of the Assembly, a Return to an Order of the Assembly asked for by Mr. Roper on March 9th, 1948, respecting export of natural gas to other Provinces.

(*Sessional Paper No. 64.*)

Moved by Mr. Ward, seconded by Mr. Colborne:

That an Order of the Assembly do issue for a Return showing:

The correspondence between the Government and the Canadian Legion with respect to the increase in the price of milk.

The motion was agreed to.

The Hon. Mr. Manning, a member of the Executive Council, laid on the table of the Assembly, a Return to an Order of the Assembly asked for by Mr. Ward on March 11th, 1948, respecting correspondence between the Government and the Canadian Legion in connection with increase in the price of milk.

(*Sessional Paper No. 63.*)

Moved by Mr. Ward, seconded by Mr. Taylor:

Whereas the principle of War Disability Compensation for Canada's fighting men should be fixed with due recognition of the economic conditions under which these veterans must suffer lifelong disabilities; and

Whereas the veterans of Canada who suffered total disability through their war service on behalf of Canada are today receiving a basic pension of \$75.00 per month; and

Whereas the proposed increase of \$12.00 per month by the Federal Government is totally inadequate;

Be it therefore resolved that this Assembly request the Federal Government to provide a basic rate of \$100.00 per month for war veterans who have suffered 100% disability.

The motion was agreed to unanimously.

Moved by Mr. Liesemer, seconded by Mr. Roper:

Whereas the farmers of Western Canada are demanding that all grains be handled by the Canadian Wheat Board; and

Whereas it has been stated that provincial enabling legislation will be required to permit the board to handle all grains;

Therefore be it resolved that this Assembly go on record as favouring the request of farm organizations that all grain be handled by the Canadian Wheat Board, and further that the Government be requested to introduce at this session enabling legislation, if such is necessary, which will permit the Board to handle all grains.

A debate followed.

The Hon. Mr. MacMillan moved the adjournment of the debate which was agreed to.

The motion was agreed to.

Moved by Mr. Liesemer, seconded by Mr. Roper:

Whereas the new Income Tax form T1-Prairie Farmers, 1947, to be used in computing the income tax payable by individual farmers is discriminatory against this group by the inclusion of the inventory or net worth statement; and

Whereas at a time when other income tax forms are being simplified the new form for farmers is now so complicated as to involve an amount of bookkeeping not feasible on the average farm;

Therefore, be it Resolved that this Legislative Assembly on behalf of the farmers of Alberta request the Federal Government to simplify the income tax form for prairie farmers and to eliminate farmers' net worth statement.

A debate followed.

Mr. Hammell moved as an amendment, seconded by Mr. Sayers:

That the motion be amended by adding at the end thereof the following words:

"where a farmer elects to pay his income tax on a cash basis."

The debate continued.

The amendment being proposed, Mr. Speaker declared the amendment carried.

The motion as amended being proposed, Mr. Speaker declared the motion as amended carried.

Moved by Mr. Roper, seconded by Mr. Liesemer:

Whereas industrial disputes such as that which took place in the packing industry in 1947 indicate the need for legislation that will permit the federal government to deal with disputes in which nation-wide industries and unions are involved; be it

Resolved, that this Legislature express its willingness to pass enabling legislation that will enable industrial disputes of a national character to be dealt with in a national way.

A debate followed.

The motion being proposed, Mr. Speaker declared the motion carried.

(*Sessional Paper No. 69.*)

Mr. Liesemer asked the Government the following questions, of which he had given notice, and which were answered by the Hon. Mr. Casey:

Q. 1. What was the total cost of elementary and secondary education for the school year ending June 30, 1947, including all costs to the Province and School Districts?

A. 1. Operation costs are reported to the Department for the calendar year and are not available for the school year. 1947 audit returns are still being received. The total expenditure of all school districts and divisions amounted for 1946 to \$15,397,163.63.

During the fiscal year 1946-47 the Department of Education expended \$910,487.55 on general administration, supervision, correspondence school education, free texts and for other purposes related to elementary and secondary education. It received revenue related to these expenditures in the amount of \$183,929.53 leaving a net expenditure of \$726,558.02.

The two sums indicated cover different periods and cannot properly be added except to determine an approximate figure.

Q. 2. What was the total amount of Teacher' salaries paid?

A. 2. The total amount of teachers' salaries paid by school boards in 1946 was \$8,841,443.60. Returns for 1947 are not yet complete.

Q. 3. What was the total number of teachers employed in the Province, including,—

(a) fully qualified teachers;

(b) teachers permitted to teach without full qualifications?

A. 3. As at June 30, 1947, the number of rooms in operation was 5,828. At that date the number of rooms in charge of Correspondence Centre supervisors was 406. All other teachers held certificates or authorizations based upon some degree of professional training. The number of supervisors at December 31, 1946, was 673.

Q. 4. What was the number of rooms completely closed through lack of both teacher and supervisor?

MARCH 18

A. 4. The number of rooms closed and receiving no service as at December 31, 1947, was 25.

Q. 5. (a) What was the number of Metis children attending school in 1946-47 school year?

(b) What was the estimated number of Metis children not attending school that year?

A. 5. (a) The number of Metis children enrolled in schools in the seven Metis Colony schools during the June term 1947 was 281.

No information is available as to the number of Metis children enrolled in regular schools, the schools not being required to submit this information.

(b) No estimate is available.

Q. 6. (a) What was the estimated number of children not attending school and not receiving instruction by correspondence during the school year 1946-47?

(b) Has there been made any survey of the number of children of parents in isolated lumber camps, of isolated fishermen, trappers, squatters living in the Province of Alberta, who are not attending school? If so, what is the number of each?

A. 6. (a) Since no estimate is available with respect to 5 (b) and 6 (b) no estimate is possible under this subsection.

(b) No such survey has been made.

The Order of the Day being read for the continued debate on the following motion:

Moved by Mr. Roper, seconded by Mr. Liesemer:

Whereas, the policy of the Federal Government in removing price controls and subsidies has resulted in greatly increased prices for consumer goods and has materially increased farm production costs, thereby largely nullifying the stabilizing effect of desirable long-term contracts with importing countries for farm products at assured prices; and

Whereas, inflationary conditions now existing and growing worse are seriously impairing the standard of living of the majority of Canadian people, while corporation profits are the highest in history;

Therefore be it Resolved, that this Assembly urge that the Federal Government reimpose consumer price controls and institute subsidies where necessary to guarantee to the farmer his just share of the national income while protecting the consumer public against excessive prices for food.

The debate continued.

Mr. Ansley moved as an amendment, seconded by Mrs. Wood:

That all the words after the word "Whereas" where the same first occurs be struck out and the following substituted therefor:

"the rapid increase in prices of consumer goods is progressively reducing the purchasing power of farmers, wage and salary earners and others, and thereby imposing upon the people reduced real incomes with a consequent reduction in their standard of living; and

"Whereas the cause of the rising price level can be traced directly to the continued imposition of oppressive war-time taxes by the Federal Government, to inflated prices of imports and to mounting production costs due to those engaged in industry striving to increase their incomes to meet increasing prices; and

"Whereas the mere re-imposition of price controls does not remove the causes of rising prices but discourages production and introduces a regimented economy detrimental to the public interest;

"Therefore be it resolved that this Legislative Assembly urge the Federal Government:

"(1) To abolish the taxation of incomes on all earned incomes of less than \$3,000 in the case of married persons and drastically reduce all other income taxes and other taxes charged into prices;

"(2) To authorize retail merchants to sell their goods to the public at a substantial discount, and, subject to adherence to a reasonable ratio of profit on turnover, such discounts to be refunded to retail merchants by means of subsidies;

"(3) The foregoing reduction of taxation and subsidies to be financed by the Bank of Canada with proper safeguards against the inflation of credit by the chartered banks."

The debate continued. ,

The amendment being proposed, Mr. Speaker declared the amendment carried.

The debate on the amended motion continued.

The amended motion being proposed, Mr. Speaker declared the amended motion carried unanimously.

Moved by Mr. Prowse, seconded by Mr. Page:

Be it resolved that the Public Accounts Committee should sit for the purpose of inquiring into, and examining:

- (a) The policy of the Government in respect to the making of loans of \$10,000 or more.
- (b) General operations of Treasury Branches, the Marketing Board, Marketing Services Limited and the Post-War Reconstruction Fund.

A debate followed.

Moved by Mr. Roper, seconded by Mr. Liesemer:

Whereas, the price of gasoline has increased by 3.2 cents per gallon since the discovery of the Leduc oil field; and

Whereas, one of the benefits which should accrue to the people of the Province from the development of their natural resources is the lowest possible price for gasoline and other oil products; be it

Resolved, that this Assembly request the Government to consider legislation that would prohibit any increase in the price of crude petroleum, gasoline or other oil products without a public investigation being first held to determine whether such an increase is justified.

A debate followed.

The motion being proposed, Mr. Speaker declared the motion lost.

The Assembly adjourned at 5:30 p.m. to Tuesday at 3 o'clock.

TUESDAY, MARCH 23rd, 1948

The Speaker took the Chair at 3 o'clock.

The Hon. Mr. Manning, a Member of the Executive Council, laid on the table of the Assembly information requested by Mr. Roper regarding expenses in connection with CKUA Radio Station.

(Sessional Paper No. 70.)

Moved by the Hon. Mr. Maynard, seconded by the Hon. Mr. Tanner:

That the resolution for the Third Reading of Bill No. 20, An Act to amend The Mineral Taxation Act, 1947, be rescinded and that the Bill be re-committed to the Committee of the Whole Assembly for further consideration and any necessary amendment.

The motion was agreed to.

Moved by Mr. Liesemer, seconded by Mr. Roper:

Whereas Co-operative Associations are non-profit associations formed to provide services for their members and patrons at cost; and

Whereas any surplus which may arise in the operation of co-operatives represents an overcharge in the process of providing such service and is returnable to the co-operative members based on the extent of their patronage and as a saving should not be subject to Income Tax for a second time; and

Whereas the taxation of co-operatives has worked a hardship on all co-operatives and in particular has been a direct blow at the wheat pools to the advantage of the other members of the Winnipeg Grain Exchange;

Therefore, be it resolved that this Assembly request the Federal House of Parliament to remove the Income Tax from the savings effected to members of the co-operatives through their co-operative efforts.

A debate followed.

Mr. Ponich moved as an amendment, seconded by Mr. Moore:

That the motion be amended by striking out all the words after the word "whereas" where the same first occurs in the first clause of the preamble, and by substituting therefor the following:

"On March 15th, 1945, this Legislative Assembly accepted with only two dissenting votes the following resolution, namely:

"Whereas Co-operative Associations are non-profit associations formed to provide service for their members and patrons at cost; and

"Whereas any surplus which may arise in the operation of co-operatives represents an overcharge in the process of providing such services and is returnable to the co-operative member based on the extent of his patronage; and

"Whereas the Government of Alberta has consistently fostered and encouraged the establishment of co-operatives of all kinds—producer, consumer and credit unions—as a means of ameliorating some of the worst effects of the present discredited economy; and

"Whereas the crushing and unscientific taxation structure existing in Canada today, together with the ever-increasing debt load, is detrimental to all business enterprise, whether private or co-operative, and ultimately will result in the repetition of the economic chaos that existed before the war—unemployment, insecurity, poverty and privation in the midst of abundance;

"Now therefore be it resolved that in the opinion of this Legislative Assembly savings of Co-operative Associations effected through co-operative action belong to the individual members and as such should not be subjected to Income or Excess Profits Tax, provided that after the 1st day of April, 1945, co-operative savings should be distributed to the members within 12 months of the closing of the year's operations.

"And Be It Further Resolved that this Assembly urge upon the Federal Government the necessity of immediate reform of the money system in Canada to make possible a progressive reduction in taxation of all kinds on individuals, and on businesses whether private or co-operative.

"Therefore Be It Resolved that this Legislative Assembly reaffirm its adherence to the resolution passed on the said March 15th, 1945."

The debate continued.

The amendment being proposed, Mr. Speaker declared the amendment carried.

The debate on the amended motion continued.

The amended motion being proposed, Mr. Speaker declared the amended motion carried.

Moved by Mr. Wray, seconded by Mr. Williams:

Whereas the operation of Pari-Mutuel machines are legally operated in connection with the placing of wagers on horse racing; and

Whereas the principle involved is no different when wagers are placed through bookmakers;

Therefore be it resolved that this Legislature instruct the Attorney-General to draft legislation for presentation to the Assembly to regulate the operation of handbooks as an alternative to the present unsatisfactory method of periodic raids.

A debate followed.

The motion being proposed, Mr. Speaker declared the motion lost.

Moved by Mr. Colborne, seconded by Mr. Williams:

Whereas the Federal Government has set up certain fixed requirements of material and manpower for the Permanent and Reserve Armed Forces of Canada; and

Whereas the Federal Government has failed to fill these Permanent and Reserve Armed Forces Establishments by the methods presently being employed; and

Whereas the present world situation constitutes a serious threat of war which makes it imperative that adequate defence of our country be ensured;

Therefore be it resolved that this Legislative Assembly request the Federal Government to adopt immediately whatever methods are necessary to bring our Permanent and Reserve Armed Forces to full strength.

A debate followed.

The motion being proposed, Mr. Speaker declared the motion carried.

Moved by Hon. Mr. Casey, seconded by Hon. Mr. Maynard:
